Masport Dual Mowzone®

With the blade coverage extending beyond the wheelwidth on both sides, the mower can cut closer to walls, kerbs and fences, giving a cleaner finish to your lawn.*

HDPE Plastic Catcher

Sturdy long lasting high density polyethylene plastic catcher that holds 42 litres of grass clippings. Some of these plastic catchers have a 'full indicator', allowing the operator to gauge how much grass is in the catcher.

Handle Lift System

The Handle Lift System allows you to quickly and easily access the catcher. Simply step on the foot pedal and lift the handle. Once the handle is returned to the operating position it will lock in place.

Mulching

Naturally recycles the grass by recutting it and feeding it back into your lawn.

Industry Leading Warranties

Masport® lawnmowers with Briggs & Stratton™ engines receive an industry leading exclusive 5 year comprehensive warranty on the entire mower*. Giving extra confidence and longevity for these lawnmowers.

*Please refer to masport.co.nz for full warranty information. Not all features available on all mowers.

Offers apply to selected products and valid from 01 March 2024 - 17 June 2024 or while stocks last. Prices shown are recommended retail prices only. See in-store and online at participating retailers for details.

RIDE-ON MOWERS

STIHL SHOP is bringing you a wide range of Ride-On Mowers. With over a dozen models to choose from, we've got what you need.

WHY CHOOSE *Cub Cadet*®

For all your domestic and commercial lawn care

01 UNWAVERING PERFORMANCE

The Enduro series proudly showcases the market's most impressive turning radius, an asset when navigating around obstacles. With ergonomic seating and intuitive controls, the lawn tractors offer a comfortable and convenient mowing experience without compromise on performance and cost. The exceptional power and performance of this series will expedite your tasks, delivering superior outcomes in record time.

02 HEAVY DUTY

Easy Ride with the Z-Force: Where high performance meets practicality, tackling tough terrain and steep hills is easy with Cub Cadet's revolutionary Synchro-Steer technology. The ultimate machine for lifestyle blocks, farms, orchards, schools, and commercial mowing applications. The SX48 has a heavy-duty fabricated deck with a low centre of gravity and wide wheel base to glide over uneven terrains and slopes up to 20 degrees.

03 REVOLUTIONARY STEERING

Cub Cadet, the proven innovator of zero-turn technology, has created the strongest line up of zero-turn mowers with both lap bar lever steering, and four-wheel synchro steering. Navigate confidently around obstacles, experience heightened stability, superior control, and expedited cutting times. Tackle inclines and steep landscapes up to 20 degrees effortlessly, setting new standards for performance and capability.

04 BUILT FOR BUSINESS

Cub Cadet commercial range is the best choice for professional contractors who demand strength, reliability, productivity, and extreme hillside mowing capability. The triple-7-gauge fabricated steel cutting deck with top, side and bottom reinforcements is supported by a powerful Kawasaki or Kohler commercial grade engine. Built for the long haul with unmatched operator comfort, zero turn manoeuvrability, and wide cuts at big speeds
